01 Emptiness (Chapter I)

03:17 / 84 bpm

Composer: Laurent Colson

You will never remember what it was
that you made in the black, empty room.
Maybe you changed your future,
maybe you changed your past.

What you are sure of is that
everything is possible.
You can make your dreams
and nightmares come true.

There is no frontier between
your past and your future
except the blindness of your
previous memory.
